

LED – inset for obstruction light

E27-lamp-socket (bottom)

Technical data

| | |
|-------------------------|---|
| Lamp | LED-inset, aviation red |
| Lamp-socket | E27 or luster terminal |
| Supply voltage | AC 95-240 V |
| Power consumption | approx. 5 W |
| Luminous intensity | 20 cd red, horizontal 360° |
| Average service life | > 100.000 operating hours |
| Surge voltage protector | im Feuer integriert |
| Ambient temperature | - 30 to + 60° C |
| Optics | Integrated in the lamp |
| Colouring | Traffic-white |
| Degree of protection | IP 20 |
| Dimension | Approx. 100 x 80 mm |
| Weight | Approx. 0,2 kg |
| Mechanical stress | Vibration-resistant |
| Spezifikation | CE-certified |
| Design | 1-stage |
| Accessoires | <ul style="list-style-type: none">▪ Alarm relay or switching relay▪ Self-control heating |

**This lamp can be used in exchange
for the old lamps trouble-free.**

**You can achieve a
energy saving approx. 95 %.**
