

Deployed for Siemens - Obstruction light 5NQ3501-0A

Technical data			
Type	LE 6	Optics	integrated in the LED
Lamp	LED – inset	Colouring	RAL 9016 traffic white
Lamp-socket	E 27	Degree of protection	Guard insulated
Supply Voltage	AC 95 - 243 V, 50 – 60 Hz	Dimension	L = 98 mm with socket, Ø = 67 mm
Power consumption	6 W	Weight	ca. 0,2 kg
Luminous intensity	approx. 20 cd	Mechanical stress	Vibration-resistant
Average service life	> 100.000 operating hours	Spezification	CE-zertified
Surge voltage protector	400 A	Design	2-stage build-up
Ambient temperature	- 30 to + 60° C	Accessoires	Alarm relay or switching relay, self-control heating
